PROFESSIONAL SUMMARY

Full Stack Developer Intern skilled in Next.js, Node.js, React, React Native, JavaScript, PHP, and MongoDB. Hands-on experience in building responsive web and mobile applications, managing databases, and integrating APIs, and seeking to apply technical skills and continue growing as a developer in a dynamic environment.

SKILLS

- Technical Skills: Next.js, React, Node.js, JavaScript, React Native, MongoDB, and PHP.
- Languages: English, Hindi, Marathi.

PROFESSIONAL EXPERIENCE

BHARATGO   **Pune**
FullStack Developer Intern   **June 2025-Present**
- Contributed to a SaaS-based eCommerce platform with product search, vendor onboarding, and order management.
- Built front-end and back-end modules using Next.js, React, Node.js, PostgreSQL, and Redis.
- Implemented APIs, database queries, and caching to improve performance and user experience.

CODEWORLD INFOTECH PVT LTD   **Solapur**
Web Developer Intern   **June 2024-Dec 2024**
- Completed a PHP web development internship using the Codeigniter 3 framework to build dynamic, database-driven websites.
- Used cPanel for hosting, file management, and database configuration of live client projects.

PROJECTS

AI-Powered Web Application (In Progress)   **Sept 2025-Present**
- Exploring Bolt AI integration with Next.js and Node.js to build an intelligent web-based solution.
- Gaining hands-on experience in AI integration, API development, and scalable architecture.

Easy Satellite App   **Dec 2024-April 2025**
- Developed a mobile app with login/signup authentication using PHP, XAMPP, and MySQL.
- Integrated a 3D Earth model for real-time satellite tracking.
- Used Postman for API testing and performance validation
